

# We Are All Connected

Lhomon Education in partnership with Helvetas, Bhutanese musician Tshering Dorji and other local talent, has produced a new song "We Are All Connected" - in Sharchop, Dzongkha, Nepali and English. This song was produced by Lhomon Education as an educational tool for Bhutanese students and comes with a teacher's guide to help lead classroom discussions about water. It has been aired on all the local radio stations and used by BBS television. There are two versions: the Bhutanese mix and a special mix by Grammy winning singer/songwriter producer Richard Page.

The verses were co-written arranged and sung by Tshering Dorji with help by Kinley Om, Sonam Pem, Kezang Dorji and Kinga Dorji.
